X:144 And Sps

RELEASE

Last Voice

LABEL Nonsense

Two heavy hits that manage to speak positive and call out injustice without being preachy, talking up MLK and Ghandi while creating one hell of a hype party. X:144's cuts blaze while SPS gives 110%, with a real urgency in his delivery. The whole thing is drenched in Florida keyboards but never comes across soft. Expect big things. — *Matt Earp*
